

Cosmic Orgasm

By Bhaskaranand Jha Bhaskar

Interplay between
Love and lust
Sweet and subtle
A fair sexes' bust
Strengthens the immense pillar of humanity.

Fear of carnal sins
Relishing macho force
Seeming hesitation
Avoiding intercourse
Invites the shooting arrow of Lord Cupid.

Initial inhibition gone
Lust heat gone rusty
Emotion's ejaculation
Into the earthly cave
Sprouts the seed of a new life in the world.

Struggle of the newborn
In the battlefield of life
Competing with the self
For the earthly survival
Refines and purifies the heart of all gross desires.

Ingratitude

By Bhaskaranand Jha Bhaskar

Sleeping on bed
Her head on my chest
And under my dimpled chin
With my thoughts looking at the future!

Pangs of ailing body
Eyesight dimmed and loss of the ears
Stammering tongues clutched by Alzheimer's
Cramping legs, staggering steps to the grave!

While in prime time
Thanks to our youth and the lap
That paved the way for them to see the world
But those reared and cared by us
Left us loitering in the lurch
When our body smeared with pus!!!
