

I Went To Get A Hidden Camera

By G David Schwartz

I went to get a hidden camera
But I couldn't find it
So I went down town
Where my favorite restaurant was at
And I sat in my booth
and received my meal
Then after eating
I got and paid the bill.

Not Every Earthly Event Has Happened On The Earth

By G David Schwartz

Not every event has happen on earth
Not every earth had had an event
Not one which had or yet
been seen with out fret
Things do always happen
But these things may not be noticed
that is one reason we have history books
Which are made for us.

The Wind Blows In The Window

By G David Schwartz

The wind blew in the hill
The wind blew round the bend
The wind blew up north
Then down the hill again
The wind blew up cold
The wind then fell warm
As it blew through the city
As well as through the barn
But the wind blew through the window
And then it was gone

Every Time I Dream

By G David Schwartz

Every time I dream
I do dream of her
And each memory
It is all of her
Every time I think of love
It is love with her
And every time I think of her
I just wish for more
