

The Dotty Professor

By Brian Judge

A dotty Professor named Ken
Said when writing with a pencil or a pen
Never mind how they spell
Just said "What the Hell"
Then marked us all, ten out of ten.

I was pleased when the Prof he caim out
And gave us bad spellars sum clowt
I'm no longer ashaimed when I find I am blaimed
For insulting the langwich, no dowbt

Peepol no wat I meen wen I rite
And never show mee any spyte
So plees jus respect mee and doo not neclect mee
Fore tooday I feel hi as a kyte

Dus it reely matter one bit?
Wich way our words thay ar rit
'Cos if they ar not biting or even eggsiting
Hoo cares? 'Cos wee don giv a _____!
